

## Rural Water Issues Advisory [12/2/2019]

### Special Single Issue Edition: EPA's NDWAC Committee Meeting

NRWA Representing You, This Week, on EPA's National Drinking Water Advisory Council (NDWAC): The council is the main public panel to advise EPA for drinking water issues as authorized under the Safe Drinking Water Act. NRWA Regulatory Committee member Wilmer Melton (City of Kannapolis, North Carolina) was appointed to the NDWAC committee in the spring of 2016. The winter meeting will be held at EPA headquarters in Washington, DC on December 4-5. The meeting is typically attended by the top [EPA water officials](#) with presentations from the key issue managers for each agenda item.

The following is the agenda for the meeting with the working materials hyperlinked:
