

# ANNUAL TRAINING CONFERENCE

Exhibition, and Golf Outing

## Ready to Upgrade Your Water?

with some

**INNOVATION • COLLABORATION • EDUCATION**

**HOTEL RESERVATIONS**  
**Embassy Suites**

5100 Upper Metro Place, Dublin, Ohio 43017

**1-614-790-9000**

# Conference Activities

*\* Activities not included in price of regular registration \**

## **Cinco De Mayo Fiesta**

**Sunday, May 5th — 5:30 p.m.**

For those few checked into the hotel early on Sunday, join us in the hotel atrium for a small get together celebrating Cinco De Mayo. Mexican snacks included.

## **Annual ORWA Golf Outing\***

**Monday, May 6th — 8:00 a.m.**

Join us for a few rounds at Safari Golf Club in Powell, Ohio. Enjoy the greens with individuals from fellow systems and businesses.

## **Capitol Statehouse Tour**

**Monday, May 6th — 11:00 a.m.**

Join us for a tour of the Ohio Statehouse. Immerse yourself in the history of our state's capitol building and maybe glance a representative or two along the way.

## **Exhibitor Bingo**

**Tuesday, May 7th — All Day**

All attendees will receive bingo cards at the beginning of the conference. As numbers are called throughout the day, attendees can visit designated booths to collect stamps to fill out their card. Winners will receive prizes donated by ORWA, exhibitors, and members.

## **Recreational Bingo**

**Wednesday, May 8th — 10:00 a.m.**

Relax, socialize, and have some fun with recreational Bingo. Participants are encouraged to bring small prizes.

## **Ceramic Painting\***

**Wednesday, May 8th — 1:00p.m.**

Release your inner Michaelangelo and paint your delicate designs on ceramic plates. Separate fee in registration.

## **Dinner and Entertainment**

**Wednesday, May 8th — 6:30 p.m.**

Come join us for a murderous match game hosted by the talented actors at Murder and Merriment. Immerse yourself in an evening of mystery, laughter, and suspense.

# Operator Training\*

## Hands On Mobile Adventure High Accuracy Mapping Workshop

5 EPA Contact Hours available (B/O & M) on Monday, May 6th

### Operator Training Agenda

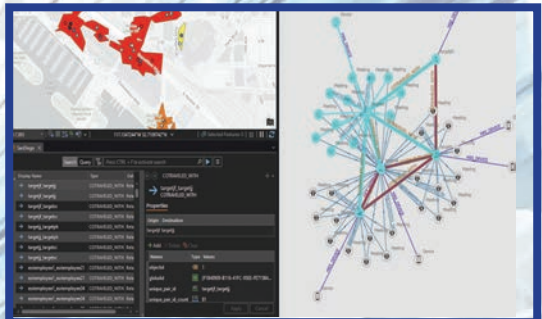

7:30 a.m. – 8:00 a.m.	Embassy Suites Avery Room	Registration
8:00 a.m. – 8:50 a.m.	Embassy Suites Avery Room	Modern Network Management Workflows for Utilities and Mobile GIS Workflows
9:00 a.m. – 9:50 a.m.	Embassy Suites Avery Room	GPS for High-Accuracy Data Collection
10:00 a.m. - 10:50 a.m.	Embassy Suites Avery Room	Outdoor Mobile Adventure
11:00 a.m. - 11:50 a.m.	Embassy Suites Avery Room	Analysis: Easy Ways to Get Info Back from GIS
12:00 p.m. - 12:30 p.m.	Embassy Suites Avery Room	Lunch
12:30 p.m. - 2:00 p.m.	Embassy Suites Avery Room	Advanced ArcGIS and GPS Solutions

In this educational workshop, attendees will learn about modern GIS and GPS technologies that support small and rural utility workflows. The half-day workshop will include both educational presentations and an interactive outdoor adventure in which participants map data using professional-grade equipment. Attendees will walk away with a stronger understanding of mapping concepts and tools available to them today, as well as an idea of how these solutions can improve their utility operations. ESRI's mapping experts will be available for ample Q&A throughout the half-day event.

Presented By:

**esri**™

# Monday, May 6th

## Golf and Conference Agenda

7:30 a.m. – 2:00 p.m.	Embassy Suites Avery Room	Operator Training
8:00 a.m. – 9:00 a.m.	Safari Golf Club	Early Bird Training
9:00 a.m. – 10:00 a.m.	Safari Golf Club	Registration
10:00 a.m. – Finished	Safari Golf Club	Annual Golf Outing
11:00 a.m. – Finished	Embassy Suites Lobby	Capitol Statehouse Tour
5:30 p.m. - 7:30 p.m.	Embassy Suites Lobby	All Conference Mixer
9:00 p.m. - 11:00 p.m.	Exhibit Hall	Exhibitor Registration & Early Setup

### Annual Golf Outing Safari Golf Club

#### Enjoy the Best Golf Experience in Central Ohio

Owned and operated by the Columbus Zoo, Safari Golf Club offers 18 holes and 140 acres of eco-friendly turf.

Safari Golf Club strives to promote conservation minded course management devoid from many golf courses. The club has established bird and butterfly sanctuaries throughout the park, and exclusively uses electric golf carts.

So come enjoy a few rounds while also teeing one off for mother nature.

Proceeds help to support ORWA's legislative advocacy efforts.

# Tuesday, May 7th

## Conference Agenda

7:30 a.m. – 9:00 a.m.	Exhibit Hall	Registration & Exhibitor Setup
9:00 a.m. – 4:00 p.m.	Exhibit Hall	Exhibit Hall Hours
9:00 a.m. – 9:15 a.m.	Exhibit Hall	Welcome - ORWA's Joseph Phell
9:15 a.m. – 10:00 a.m.	Exhibit Hall	Business Meeting & Elections
10:00 a.m. – 11:45 a.m.	Metro Room	ORWA Tech - Assistance Spotlight
11:45 a.m.	Lobby	Lunch
12:00 p.m. – 1:00 p.m.	Post Room	Women of Rural Water Luncheon
1:00 p.m. – 3:00 p.m.	Exhibit Hall	Vignettes
1:00 p.m. – 3:00 p.m.	Metro Room	Grant Writing Workshop
4:00 p.m.	Exhibit Hall	Water Taste Contest
6:00 p.m. – 7:00 p.m.	Lobby	Bites and Banter Social (Dinner)

## Vignettes

Tuesday, May 7th

Exhibit Hall

1:00 p.m. — 3:00 p.m.

Join us for a dynamic experience at our upcoming event! In a strategic effort to enhance engagement, some exhibitors are offering attendees a unique opportunity by presenting their latest equipment and services through 30-minute vignettes directly at their booths.

These vignettes have garnered immense popularity among both exhibitors and attendees. Exhibitors seize the chance to discuss their products or services with an engaged audience, while attendees appreciate the 'elevator speech' format, offering insights in the comfort of a group setting.

Join in the excitement by touring the exhibit hall and gaining CEUs all at once!

# Tuesday, May 7th

---

## Women of Rural Water Luncheon

Tuesday, May 7th

12:00 p.m. — 1:00 p.m.

Metro Room

Support diversity in the workforce at the Women of Rural Water Luncheon! Join us for a refreshing gathering where dynamic women from the water industry come together to celebrate achievements, foster connections, and inspire the next wave of leaders.

The inaugural luncheon will feature a presentation from Susan Schell, a Senior Management Specialist for Arcadis US with over 30 years of experience in the water industry. She previously worked as the Manager of Engineering and Infrastructure for the Ohio EPA Division of Drinking and Ground Waters. Schell will speak on the many challenges she faced in a male dominated field and how she leveraged her education and skills to advance.

## Grant Writing Workshop

Tuesday, May 7th

1:00 p.m. — 3:00 p.m.

Post Room

Elevate your grant writing skills with our upcoming workshop taught by Gwynn Stewart an Assistant Professor of Community Development from Ohio State University. Join us for an all - inclusive session where seasoned experts will guide you through the intricacies of crafting compelling grant proposals.

Unlock the secrets to successful grant applications, refine your project narratives, and gain invaluable insights into securing funding for your endeavors. Don't miss this opportunity to sharpen your grant writing prowess.

# Wednesday, May 8th

5:30 p.m. - 6:30 p.m.	Lobby	All Conference Mixer
6:30 p.m.	Dublin B/C	Murder Mystery Dinner

B/O&M = Water & Wastewater Operations and Maintenance  
D/O&M = Water Operations and Maintenance

B/X = Administrative

# ORWA Tech - Assistance Spotlight

Tuesday, May 7th

10:00 a.m. — 11:45 a.m.

Metro Room

New or unfamiliar with Ohio Rural Water Association? Then it's a perfect time to get acquainted. Come over and meet our field technicians! You can ask them pertinent technical questions, see some demonstrations of our latest equipment, inquire about membership or just hang out for a bit. We hope to see you stop by!

## A Murderous Match Game

Wednesday, May 8th

6:30 p.m. — 8:00 p.m.

Dublin B/C

Come join us for a murderous match game hosted by the talented actors at Murder and Merriment. Immerse yourself in an evening of mystery, laughter, and suspense as our skilled performers guide you through a captivating interactive experience. Engage with intriguing characters, solve perplexing puzzles, and revel in the thrill of an unforgettable night that combines entertainment and intrigue.

# HOT TOPICS

---

## **Customer Service... are you sure we have to?**

**Larry Foster, Jackson County Water Company**

Embark on a 45-minute journey to elevate customer service in the water and wastewater industry. Tailored for all levels, this engaging presentation explores the moral and intrinsic value of fostering an intentional customer service culture, emphasizing excellence.

Delve into the impact on public relations, knowledge gained from customer interactions, and the consequences of poor service. Gain practical insights, including 15 steps for improvement, and contribute to raising industry standards. Join us for a concise and enlightening session that redefines customer relations.

## **Meet Keena: Del-Co Leak Detection Canine**

**Glenn Marzluf & Zach Lohr, Del-Co Water Company, Inc.**

Del-Co Water Company, Inc., with a keen focus on innovation and efficiency, introduces a groundbreaking initiative featuring a canine leak detection dog named Keena, guided by Del-Co handler Zach Lohr.

Del-Co CEO Glenn Marzluf will illuminate the origins and internal development of this program, which originated in 2019 but gained momentum in late 2021 after overcoming setbacks caused by the COVID pandemic. Attendees will gain insights into key aspects, such as garnering support from the Board of Directors, assembling the necessary components for success, and exploring alternative leak detection methods. The presentation will also delve into the meticulous process of on-boarding and training Keena, addressing logistical considerations and potential challenges.

## **ORWA Managers' Forum**

**John Simpson, Le-Ax Water and Scott Wolfe, Village of East Palestine**

The 2024 Managers Forum will be a discussion led by John Simpson and Scott Wolfe on lessons learned during the East Palestine train derailment and how we can apply these lessons in our own systems. Scott Wolfe will present his takeaways from the incident, covering topics such as managing communications, public awareness, staffing issues, employee concerns, logistics of distributing bottled water, and the source water protection plan, along with proposed changes for the future.

# Presenter Spotlight

---

## **Larry Foster (8:00 a.m. — 8:45 a.m.)**

**Company:** Jackson County Water Company

**Presentation: Customer Service..are you sure we have to?**

Larry Foster is presently the general manager of the Jackson County Water Company in Southeast Ohio. He holds an Ohio Class II Distribution and a Class III Water Treatment Operator License. He has been involved in the water industry for 37 years. Larry has over 45 years in the volunteer fire service. He is a 2017 graduate of NRWA Water University, a Board Member and instructor for the Operator Training Committee of Ohio, a life member of the AWWA, a member of NRWA and the Ohio Rural Water Association.

## **Glenn Marzluf & Zach Lohr (9:00 a.m. — 9:45 a.m.)**

**Company:** Del-Co Water Company, Inc.

**Presentation: Meet Keena: Del-Co Leak Detection Canine**

Mr. Marzluf, with over 25 years of utility and public works industry experience, has been the General Manager/CEO of Del-Co Water Company, Inc. since 2012. Formerly, he held positions as the General Manager of Utilities for the City of Sarasota, Florida, and as Operations-Engineer at the City of Hilliard. Glenn is a Board Member of various organizations, holds a Professional Engineer registration, and possesses both a Class 2 Water Distribution License and Water University Utility Management Certification. An Ohio native and an Ohio State University graduate, he received the President's Award from the Ohio Rural Water Association in 2015. Mr. Marzluf resides in Delaware, Ohio, with his wife Anne and family.

Zach Lohr, a Leak Detection Specialist on Del-Co Water's Distribution Team, handles leak detection with canine unit Keena and assists in utility line locating. An active-duty veteran of the US Marine Corps, Zach received a Purple Heart and several other awards. In the civilian world, he has served in various roles, including security, dog handling, and law enforcement. Zach is also an Ohio native.

## **Jennifer Andrews (10:00 a.m. — 10:45 a.m.)**

**Company:** Cybersecurity and Infrastructure Agency

**Presentation: Chemlock and CISA Services**

Jennifer Andrews is a Chemical Security Inspector (CSI) at the Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS). In her role as a CSI, she is responsible for assisting Ohio industries and organizations in assessing and enhancing their chemical security programs. Before joining DHS, she spent 10 years as an Industrial Security Specialist with the Defense Security Service, collaborating with cleared defense contractors on the protection of classified information. Originally from Minnesota, Jennifer moved to Ohio 7 years ago to be closer to her husband's family, and she currently resides in rural Coshocton County.

## **Amanda Dorigoni (10:00 a.m. — 10:45 a.m.)**

**Company: CoBank**

**Presentation: Fraud Protection & Awareness Through Cash Management**

Amanda Dorigoni is a seasoned Senior Cash Management Consultant at CoBank, bringing over 17 years of extensive experience in the banking industry. Her expertise lies in the realms of cash management and fraud prevention. Based in Rocklin, CA, Amanda's role at CoBank underscores her passion and proficiency in guiding clients through the challenges of cash flow and security, ensuring both efficiency and protection in their financial operations.

## **Joseph Pheil (11:00 a.m. — 11:45 a.m.)**

**Company: Ohio Rural Water Association**

**Presentation: AI Future Implications for the Rural Water & Wastewater Industry**

Joseph Pheil became the Executive Director for the Ohio Rural Water Association in 2017, making him one of the youngest State Rural Water Association Executive Directors in the country. Previously, he served as the association's Energy Efficiency Technician, traveling across Ohio to meet operators and conduct energy efficiency assessments for water and wastewater treatment facilities.

Before joining the Ohio Rural Water Association, Joseph led an AmeriCorps program, serving as the Business Enterprise Leader and focusing on preparing at-risk youth for success in business and entrepreneurship.

Joseph holds a degree in Business with minors in Art & Economics from Muskingum University, having graduated Summa Cum Laude. He began exploring the potential of Artificial Intelligence for Ohio's rural water and wastewater industry in 2020, steadily building his knowledge and aptitude to assist the industry through innovative practices and strategies.

## **Brittany Metz and Matt Kennedy (11:00 a.m. — 11:45 a.m.)**

**Company: Esri**

**Presentation: Modern GIS**

**Practices for Water Utilities.**

Brittany Metz is Team Leader for Esri's Small-Medium sized water utility customers. She graduated from CU Boulder with degrees in Geography & Geology. Brittany has a background in working with water & wastewater distribution systems as well as electric, gas & telecom systems.

Matt Kennedy manages the solution engineer team for the Global Water Practice at Esri, where he has worked for the past 25 years. Water and wastewater utilities are facing

many environmental, financial, and resource challenges that efficient digital workflows can improve. Matt's team helps utility users operate more efficiently by using ArcGIS software and solutions to improve their processes for network management, coordinated operations, real-time analytics, and more. Prior to his time with the Water Practice, Matt worked as a software instructor, and as a solution engineer for state, local, & regional government. He is a graduate of the University of Delaware and lives in southeast Pennsylvania with his family.

## **Katie Courtright (12:00 p.m.)**

**Company: Ohio EPA**

**Presentation: Ohio EPA's Infrastructure Funding Opportunities**

Katie Courtright serves as the assistant chief in Ohio EPA's Division of Environmental and Financial Assistance (DEFA), Office of Financial Assistance. The Office of Financial Assistance administers the two state revolving funds for water and wastewater infrastructure improvements, along with other water quality-related programs. Katie has worked for the state of Ohio for 19 years in multiple funding programs focused on improving local infrastructure. In 2015, she joined Ohio EPA, working on Brownfield redevelopment, and then moved to DEFA in 2019. Before joining Ohio EPA, Katie worked at the Ohio Department of Development, managing Brownfield projects and revolving loan fund programs. She holds a B.S. in Environmental Geography and Environmental Studies from Ohio University and a certificate from the National Development Council as an Economic Development Finance Professional."

## **Kerry Zwierschke (1:00 p.m. — 1:45 p.m.)**

**Company: Bennett & Williams Environmental Consultants, Inc.**

**Presentation: Lead and Copper Compliance - Demonstrated Via Case Studies**

Kerry is a professional engineer with experience in water supply, source water protection, hydraulic modeling, and GIS integration across various engineering applications. She holds a Ph.D. in engineering from the Ohio State University.

Her expertise extends to statistical analysis of environmental data, design and monitoring of solid and hazardous waste landfills, wetland treatment systems, and contamination assessment. Kerry is also an organizer of the Ohio Rural Water GIS User group, providing training on desktop GIS and ArcGIS Online applications.

## **Jeff Kauffman and Gwen Kubacki (1:00 p.m. — 1:45 p.m.)**

**Company: Del-Co Water Company, Inc. & Arcadis**

**Presentation: Designing GAC Filter Options for PFAS Removal**

Mr. Kauffman has over 23 years of experience in the water/wastewater industry. As the Communications & Compliance Director at Del-Co Water, he administers and ensures environmental and drinking water compliance, source water protection, IT and GIS, emergency preparedness, OSHA compliance, and public outreach. Mr. Kauffman earned a Bachelor of Science in Natural Resources (1999) from The Ohio State University, a Master of Environmental Management (2002) from the University of South Carolina, a Master of Science in Public Health (2009) from Walden University, a Class 3 Ohio EPA Water Supply Operator's license (2005), Utility Management Certification (2017), and is an Advanced Public Information Officer (2018).

Ms. Kubacki is a registered professional environmental engineer at Arcadis with 10 years of experience in drinking water quality, regulatory compliance, and treatment design. She holds Bachelor's and Master's degrees in Environmental Engineering from the University of Florida and the University of Michigan, respectively. Currently, she serves as the consulting project manager for the Del-Co Olentangy GAC Filter Pilot Project at Arcadis.

## **Michael Brenner (2:00 p.m. — 2:45 p.m.)**

**Company: Software Solutions, Inc.**

### **Presentation: Effective Engagement with Utility Customers**

Michael has over 20 years of experience working with local utility providers to address software, technology, and procedural challenges. He assists clients in planning, strategizing, and creating a long-term vision that utilizes technology to support their organizational goals.

## **Matt Dooley (2:00 p.m. — 2:45 p.m.)**

**Company: Dooley Gembala McLaughlin Pecora**

### **Presentation: Navigating the PFAS Class Action Settlement Claims Process**

Matt Dooley is a partner in the law firm of Dooley Gembala, where he leads a group of attorneys focusing on water and wastewater issues throughout the United States. For the last decade, he has been one of only a handful of attorneys nationwide specializing in territory disputes under Section 1926(b) of the Consolidated Farm and Rural Development Act. In addition, he serves as the general counsel for the Ohio Rural Water Association and many rural water and sewer districts around the country. Using his experience as a litigator, Matt helps general managers and boards resolve conflicts swiftly and efficiently while protecting the business interests of his clients. To that end, he is recognized by his peers as a 'Super Lawyer,' a distinction held by only 2.5% of all attorneys, and is listed among Best Lawyers in America, a publication by U.S. News & World Report. Matt is also recognized as one of America's Top 100 Bet-the-Company Litigators

## **John Simpson & Scott Wolfe (3:00 p.m. — 4:30 p.m.)**

**Company: Le-Ax Water Company & Village of East Palestine**

### **Presentation: ORWA Managers' Forum**

John Simpson has been with Le-Ax Water since July 2005, serving as Assistant General Manager until 2007 when he was promoted to General Manager. Since joining Le-Ax, he has acquired a Class II Distribution License and completed manager certification through National Rural Water's Water University. Simpson is the 2017 recipient of the John Wolfe award for service to rural Ohio. He has served on several local and state boards

supporting rural Ohio. He is the current President of ORWA and serves on the boards of Coalition of Rural Districts, Rural Water Services Council, Buckeye Hills Regional Council, Athens County Emergency Planning Committee.

Scott Wolfe graduated from East Palestine High School in 2007 and The University of Mount Union in 2011 with a BA in Middle Childhood Education and a minor in Earth Science. He was a middle school language arts and literature teacher before transitioning to the water and wastewater field in 2013. Scott has worn many hats throughout his 11 years in the field, ranging from meter reader, utility line maintenance, lab analyst, and safety and plant operations. His experience has led him to work in both the private sector with Aqua Ohio (Franklin County) and the public sector at the county and local government levels. Scott possesses an Ohio EPA class 1 water supply and Ohio EPA class 2 wastewater treatment license. Currently, he serves as the water and wastewater superintendent for the Village of East Palestine in northeast Ohio, assuming his current role since 2021.

## Charles Dietz (3:00 p.m. — 3:45 p.m.)

**Company:** USDA

### **Presentation: Together, America Prospers**

Charles A. Dietz, a seasoned Community Program Director, brings 33 years of expertise to his role with the USDA Rural Development, with the last 18 years devoted to leading Rural Development's Community Programs. Serving as the State Community Program Director, Dietz oversees the implementation of the Community Facilities and Water & Environmental Programs throughout Ohio. His mission is to provide essential financial support to eligible government bodies and not-for-profit entities in rural areas, reflecting a steadfast commitment to fostering community development and sustainability.
