

Improving the Quality of Life in Rural Ohio

THE OHIO RURAL WATER ASSOCIATION SAVED OHIO RURAL COMMUNITIES \$1.875 MILLION IN 2014

There is no doubt that our Grant Management is excellent.

We are **very effective** in providing the highest quality of help and services for water and wastewater systems with the federal funding we receive.

We are **very efficient** with these monies as we maximized these quality benefits at a rate of over 4-to-1.

To illustrate, for every dollar of federal funding we received in 2014, **we provided \$4.17 in real, tangible benefits to rural Ohio.**

This 4-to-1 ratio shows that we are truly **effective and efficient** with our federal funding.

BENEFITS PROVIDED BY QUARTER IN 2014

Quarter #1 (January- March)	\$259,000
Quarter #2 (April- June)	\$531,000
Quarter #3 (July- September)	\$485,000
Quarter #4 (October- December)	\$600,000

TOTAL BENEFITS PROVIDED IN 2014 = \$1,875,000

These benefits included:

- ✓ Training operators to gain Ohio EPA certification
 - ✓ Detecting water leaks
 - ✓ Protecting drinking water sources
 - ✓ Inspecting sewer systems for leaks
 - ✓ Locating service lines
 - ✓ Training proper testing methods
 - ✓ Preventative maintenance

Again, we are proud to announce that for every \$1 in federal investment we received in 2014, the Ohio Rural Water Association saved rural Ohio communities \$4.17.
